## TIME IS BRAIN

During an untreated major stroke:

### Each second:

32,000 brain cells die

brain ages **8.7 hours**

### Each minute:

2 million brain cells die

brain ages **3.1 weeks**

### Each hour:

120 million brain cells die

brain ages **3.6 years**

### Finally:

1.2 billion brain cells have died

brain ages **36 years**

**Don't wait — Act "F.A.S.T."!**

**Noyes** HEALTH

Our strength is caring. Our focus is you.
